

Educational networking for Advanced Clinical Practice in the
UK

Annual

Conference and AGM

“Valuing diversity in Advanced Practice”

Date: Friday 20th March 20120

Time: 9am - 4pm

Venue: Ulster University, Northern Ireland.

Keynote speakers will update on current thinking with regards to advanced practice and advanced practice education. Join in discussion and debate with the interested audience of advanced practice educators, practitioners, service providers and students.

Confirmed keynote speakers to date include:

- Charlotte McArdle, Chief Nursing Officer, Department of Health Belfast Northern Ireland
- Professor Tanya McCance, Ulster University
- Professor Alison Leary, Healthcare and Workforce modelling, London South Bank University

The conference will provide a forum for celebration of current and future practice initiatives and innovations with a focus on valuing diversity in advanced clinical practice. The day will finish with the AAPE UK AGM.

Free registration for AAPE UK Members, £150 for non-members (this payment can be used as the institutions annual membership fee). Any individuals who are not part of the HEI institutional membership can attend for a charge of £50 per person.

Call for posters at conference “Valuing diversity in Advanced Practice” – Ulster University 2020

The Association for Advanced Practice Educators (AAPE) UK will host a poster session at the conference in Ulster on 20th March 2020, and delegates are invited to submit an abstract for consideration.

We welcome abstracts on research, good practice, education and any new initiatives in the inter professional AP role and their impact. Abstracts are welcomed from all disciplines, across health and social care, including Advanced Practice students and Advanced Practitioners.

If you are involved in a project or initiative around the theme of the conference, this is your opportunity to present your findings, showcase your work, share your experiences, discuss the outcomes, and get valuable feedback from colleagues. This could be a case study on your role, your dissertation or portfolio.

The abstract is a short description of your work and should contain an introduction, aims and objectives, details of the initiative or project, role, results and outcomes, and conclusions and impact of the work.

Abstracts will be reviewed by a panel of experts. Authors will be notified if their abstract has been successful and given further information on preparing a poster for the event.

Accepted authors will be required to register to attend the conference, in order for the abstract to be eligible for display at the conference, inclusion on the programme and on the AAPE UK website. Authors will be expected to stand with their poster during a specified time to answer any questions from attendees.

The posters will then be judged by the attendees at the conference and the best poster will be awarded a prize on the day.

Abstract submission deadline: 31st December 2019

Authors will be notified of acceptance by: 21st January 2020

Please complete the form overleaf and return it together with your abstract in Word format to d.mcconnell@ulster.ac.uk

Abstract submission form for poster session

Valuing diversity in Advanced Practice

The Association for Advanced Practice Educators UK (AAPE) National Conference

20th March 2020
Ulster University
